ABOUT FEEDBOX

Founded with the vision to foster digital skills among the college freshmen, we are one of the most active clubs of IET .We conduct numerous sessions on topics such as marketing, designing, UI-UX, content writing, SEO, coding, copywriting, and the basics of the stock market. We taught students all the skills from scratch. The past sessions have all been extremely informative and motivating. Having become a successful company, Feedbox gives its club members real industry experience so they can gain knowledge and skills.

VISION

Our Vision is to inculcate digital and tech skills among college students. We focus on enhancing students' past skills along with acquiring new skills.

HOW FEEDBOX HELP STUDENTS ?

Our expert team and Senior Experts will train them in various domains of their interests.

- **For students of journalism,**we take digital marketing and social media management sessions.
- **For future engineers,** there are sessions on web development and app development.
- There are also sessions on content and copywriting, graphic designing, video editing, financial topics, etc.

- We also provide basic guidance sessions for students aiming to crack competitive exams like **CAT**, **GATE**, **GRE**, and **GMAT**.
- With interactive sessions and meetings, Feedbox helps students build connections with successful people and the best alumni network with students placed in American Express, Amazon, Google, and many more.
- We also help with the startup community in the college and guide startups under incubation cell (if there is any).

OUR TEAM

Currently there are over 2500 members in our Feedbox club team from various institutions

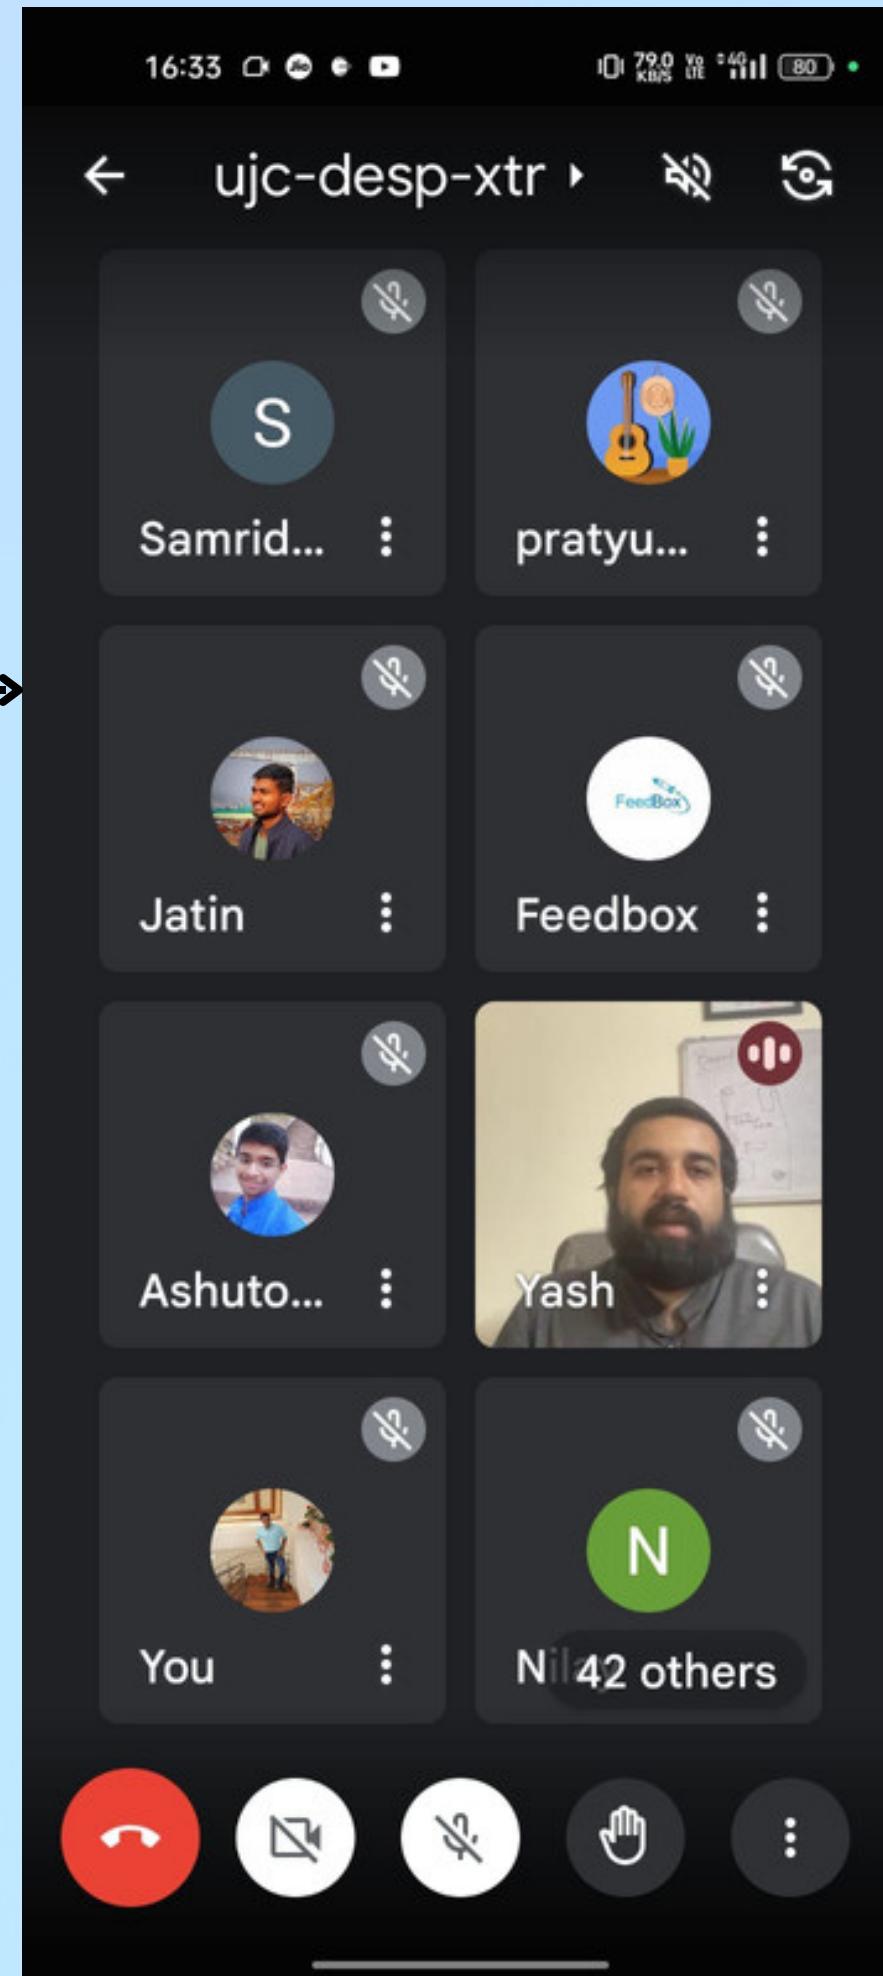

MILESTONE

According to our past achievement records in different colleges, our club members have the highest percentage of placement offers.

Feedbox club has been a marketing partner of Aakshank - central India's largest cultural fest, GDG Dev Fest, TedX Pandri, Rap Fest, and many more.
